Kentucky Real Estate Appraisers Board

Supervisor and Associate Mandatory Course

Currently, the only course approved and recognized by the KREAB for satisfying the requirement for the mandatory Supervisor/Associate class is the board developed course. Other Supervisor/Associate courses that are not recognized by the board for satisfying the mandated Kentucky content are offered by education providers and may be approved by the board for continuing education credit, but not to satisfy the mandatory Kentucky Supervisor/Associate course required in administrative regulation 201 KAR 30:030.

The Board voted to make the board approved course available to any education provider who desires to offer and instruct it. The education providers that have taken advantage of the offer are identified on the KREAB website within the education provider and course approval list.

Refer to our Approved Education list,

<http://kreab.ky.gov/education/approvedcourses/Pages/default.aspx>, to locate an educator providing the **Supervisor and Associate Mandatory Course**.

**** If a course provider wishes to provide the course, please contact the KREAB office for information about availability and approval. ****
